

Charlie's Cards

Charlie has a set of 10 cards numbered 0 - 9,
with one digit on each card.

Charlie lays 5 of the cards out face downwards
and hides the other 5.

The numbers on the 1st and 2nd card add to 13,
the numbers on the 2nd and 3rd card add to 12,
the numbers on the 3rd and 4th card add to 10,
the numbers on the 4th and 5th card add to 15.

What are the numbers on Charlie's cards?

Use the numbered cards to help you.
